

! COMMUNITY SUPPORT !

What can we do to help our community...?

1) The zero waste shop on the High Street, **Replenish and Reuse**, is collecting used plastic containers (laundry detergent, soap pumps, milk cartons). This is so that they can send out cleaning products to those in isolation and who are vulnerable.

2) Donate to or use **Buntingford Food Bank**:

07907 876945

Contact Buntingford and Villages Food bank and Community Support on Facebook or Messenger.

3) Join the Facebook group '**Buntingford and surrounding villages community support against Corona Virus**'. They are putting together a range of ways to support the more vulnerable in our community.

4) For family support contact:
