Homework 1

Year 1 The UK Map

Choose a place in the UK you are interested in. You might want to choose somewhere you go on holiday, where you're family lives, where your favourite animal can be found or somewhere totally different to where you live.

Can you research the weather for your chosen area? You will need to use the internet to help you with this (if you cannot use the internet at home come and see me and I will provide you with the information you need).

Watch the weather forecast on the television. **What do the presenters tell you? What does the map tell you? What can you see when you watch it?**

Now colour in your map labelling on the countries. Drawing on the correct weather symbols for your area, labelling your chosen place on your map.

I can't wait to see what the weather in the UK is like!
