

Homework: Fairtrade

Set: 31.3.23 Return: Monday 17th April

As a school we are working towards achieving the Eco schools green flag. Our Eco warrior team have been working hard to come up with an action plan for the things we can do in school. Our Eco warriors have been highlighting to the children the importance of Fairtrade. Homework this term is for the children to research on a country of their choice which has Fairtrade links.

Here are some questions to help you:

- What is Fairtrade?
- What are the impacts when buying Fairtrade products?
- What Fairtrade products does your chosen country produce?
- How does Fairtrade benefit farmers and workers?
- How do you buy Fairtrade products?

Be creative in how you present your information. Here are some ideas for how you could complete your homework:

- Create a leaflet providing information about Fairtrade.
- Make a presentation that we can share in class.
- Create a poster that we can display around the school.

On **Friday 21st April** the school will be having a non-uniform day. Children wearing the colours from the flag of their chosen country. We encourage a £1-pound donation, raising money towards the Fairtrade foundation.

Have a lovely Easter!
